Sure, but let's see how this first one goes and whether you get the data/info that is helpful to you. Can always change approach in future years

Bill,

Pam is asking us to plan future dive team work – I'm thinking in addition to next month do San Jacinto dive team cap inspections once per year (visual/photo/side-scan) 4Q/2016; 4Q/2017 & 4Q/2018; sound OK for the dive team?

Thanks,

Gary Miller
